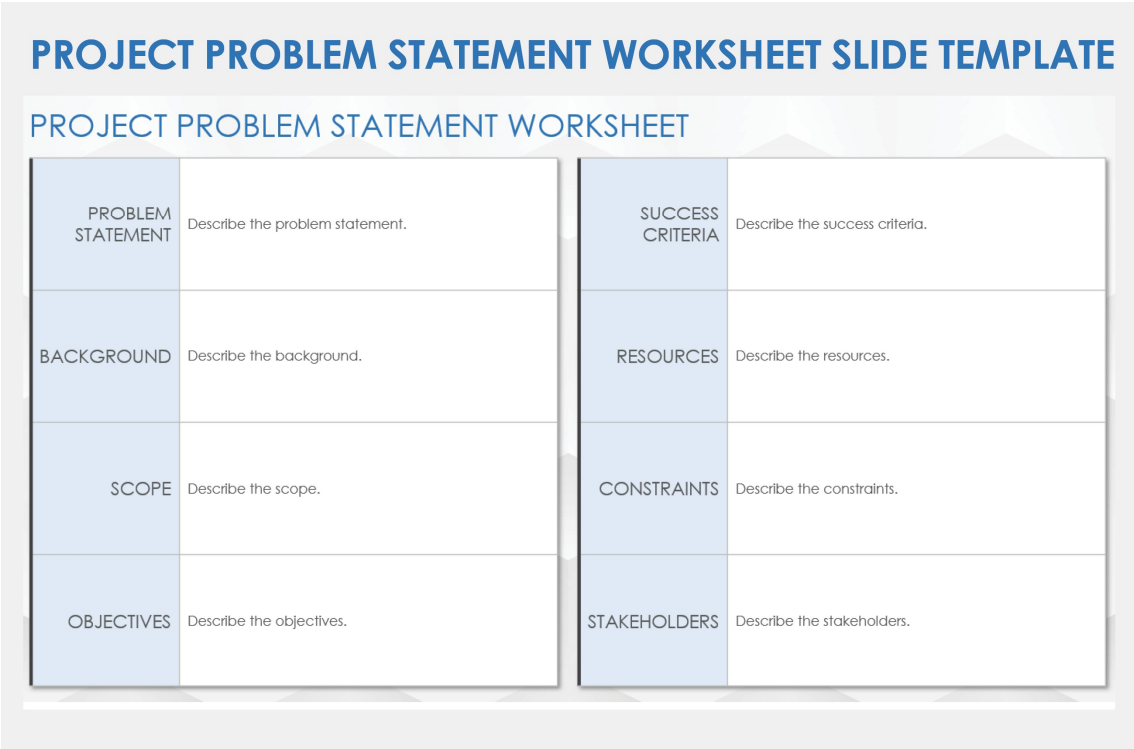
Proposed Solution Template:

A proposed solution is a structured plan, idea, or recommendation designed to address a specific problem or need. It serves as the core of a proposal, highlighting tangible benefits, feasibility, and actionable steps.



Examples in Context:

- Business/Technical: A vendor proposing specific software/hardware to solve an IT issue.
- Social/Community: A proposal for a new community program, such as a lunch program for the homeless, as seen on Lumen Learning.
- Academic/Scientific: A hypothesis aimed at solving a research question.
