Ideation Phase

Define the Problem Statements

Data	31 January 2026
Team ID	SWTID-2026-7471
Project name	Automating employee data
Maximum marks	2 marks

Customer Problem Statement Template:

- Create a problem statement to understand your customer's point of view.
- The Customer Problem Statement template helps you focus on what matters to create experiences people will love.
- A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face
- Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

Key Components of a Problem Statement

- **The Problem:** What is happening or failing to happen?
- **Context:** What is the background, where does it occur, and who is affected?
- **Impact:** Why is the problem important? What are the consequences, such as wasted time, money, or decreased efficiency?
- **Goal:** What is the desired outcome or "ideal" state?

Characteristics of an Effective Problem Statement

- **Actionable:** It focuses on a specific, solvable issue, not a vague problem.
- **Concise:** It is brief and to the point.
- **Non-Solution Oriented:** It defines the problem, not how to fix it.

Problem Statement Template Covering Target Customer…

Target *Customer/User Persona*	Your Text Here This slide is 100% editable. Adapt it to your needs and capture your audience's attention.
